MobileMed: 50 Years

In 2018, MobileMed will celebrate 50 years of service to the community. Our first clinic was held at KenGar First Baptist Church in Kensington. Pictured at left are two teenagers and a child (Sophia, Chanell and Bonnie) putting up sheets for privacy at the clinic.

In the Words of Our Patients

MobileMed serves over 4,000 patients each year. Here's one of their stories:

"Girda" has been relying on MobileMed's care for three years. In addition to valve repair (what she describes as "a hole in her heart") and the related complications, she has had thyroid problems. She receives regular primary care and also accesses our extraordinary cardiologists and endocrinologists through our NIH/Suburban partnership. Summarizing her feelings, she comments: "MobileMed does a good job, especially for people without insurance. Any problem I bring, MobileMed is ready to help."

Meet MobileMed Co- Founder Dr. George Cohen

In 1968, Dr. George J. Cohen and Dr. Herman (Arnold) Meyersburg co-founded MobileMed. Dr. Cohen, a long-time MobileMed volunteer physician and Board member, is still involved with MobileMed. We are grateful for his vision and his service.
