Women's Clinic Turns 5

Did you know that MobileMed has a clinic that focuses on women's health? Every Thursday morning, our Rockville site hosts volunteer gynecologists, female primary care providers, and therapists. Last year, the women's clinic served 235 low-income women in need by providing 600 medical and behavioral health visits. We're already on track to surpass those numbers in 2018!

Patient Satisfaction Survey

We conduct patient satisfaction surveys on a regular basis, and have recently finished compiling the results of our latest survey. We are pleased to report that 86% of our patients were Very Satisfied with their care!
(Almost everyone else was Satisfied!)

"You are saving me, you
changed my life & future,
thank you so much."

New Progress Place Facility Celebrates One Year

Progress Place is a Montgomery County-owned facility that helps individuals and families who are homeless find a pathway to stability and safety. Progress Place offers prevention, stabilization, and empowerment programs.

MobileMed provides healthcare and case management services at the new facility. We are thrilled to collaborate with the County government and other nonprofits to provide life-saving and lifeline services to those in need.
