We are gratified to have received a **Health Center Quality Leader Award** from the Health Resources and Services Administration (HRSA), recognizing MobileMed for its achievements in clinical performance. HRSA's Quality Improvement Awards acknowledge the highest performing health centers nationwide as well as those health centers that have made significant quality improvement gains.

Visits to MobileMed Are Up

This past year (through June) was MobileMed's busiest ever! Continuing our recent growth trend, we delivered more than 16,000 patient visits for the first time. Our East Montgomery clinic on Briggs Chaney Road and Upcounty clinic in Germantown both had increases of more than 700 visits over the year before. This growth speaks to a number of factors, including the ongoing need for the accessible healthcare provided by MobileMed, a strong effort from staff to improve our patient flow, and, of course, the presence of a generous donor base that supports our work and our mission.

And in case you're wondering, we've never had a busier July!

Meet A Staff Member: Vivian

Meet Vivian Aguayo, our excellent Outreach and Enrollment Specialist, who has been at MobileMed since January 2016. Vivian shuttles between our clinics, where she enrolls our patients in Medicaid and in private insurance plans through Maryland Health Connection, the state's health insurance marketplace. She is passionate about the cause of healthcare for all and enthusiastically promotes MobileMed at health fairs, community festivals, and other events throughout the area.
